Empathy Map

Create an empathy map to understand the needs, challenges, and learning experiences of students using the EduGenie AI Learning Assistant. The empathy map analyzes what students Say, Think, Do, and Feel while studying, helping the team design an AI-powered solution that provides concept explanations, question answering, quiz generation, text summarization, and personalized learning recommendations. This ensures the application effectively addresses students' learning needs.

SAYS <i>I need quick and accurate answers for my doubts.</i> <i>I want concepts explained in simple language.</i> <i>I want concepts explained in simple language.</i>		THINKS <i>There should be one platform for all my learning needs.</i> <i>AI can make learning easier and faster.</i> <i>I want a step-by-step learning path for new topics.</i>
PERSON NAME (Role / User Type)		
DOES <i>Searches Google and YouTube for study materials.</i> <i>Reads notes and textbooks for exam preparation.</i> <i>Uses online quizzes and AI tools to practice.</i>		FEELS <i>Confused when concepts are difficult.</i> <i>Stressed before exams due to a large syllabus.</i> <i>Motivated when learning becomes easy and interactive.</i>
