Customer Journey Map (EduGenie – AI Learning Assistant):

Map the student's learning journey from identifying a learning problem to receiving AI-powered assistance. Capture the student's actions, interactions with the application, thoughts, feelings, and improvement opportunities at each stage. This helps the team enhance the learning experience and develop a more effective, user-centered solution.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	- Opens EduGenie - Enters a question - Selects a feature	- Reads explanation - Takes quiz - Summarizes notes	- Gets learning path - Revises topics - Improves knowledge
Touchpoint <i>What part of the service do they interact with?</i>	- Home page - Input form - Submit button	- AI responses - Quiz section - Summary page	- Learning Path - Results page - Study resources
Customer Thought <i>What is the customer thinking?</i>	- Can this help me? - Is it easy to use? - Will I get correct answers?	- This explanation is clear - I understand better - Let me test myself	- I know what to study next. - I'm improving. - This saves time
Customer Feeling <i>What is the customer feeling?</i>	- Curious - Hopeful - Excited	- Confident - Interested - Motivated	- Satisfied - Prepared - Happy

Process Ownership <i>Who is in the lead on this?</i>	• Frontend (HTML/CSS/Jinja2)	• FastAPI Backend & AI Modules	• Learning Path & Quiz Modules
Opportunities <i>How can we improve this stage?</i>	• Better UI • Faster loading • Easier navigation	• More accurate responses • More quiz types • Better summaries	• Progress tracking • Save history • Personalized recommendations
